

ABOUT ME

I started designing with self learning and keep updating myself with new trends and technologies.

I have a passion for creating innovative and elegant yet simple design. By Qualification I am Computer Engineer, but always wanted to work with designing feild. so I started working as designer in 2010, ever since I've always been trying to improve my knowledge and skills.

WHAT I DO

I am a good mix of experience, knowledge and skills of front-end developer, possess excellent graphics package Adobe. Web design it's pleasure for me. What about me, I'm a very communicative, open minded and creative person.

Kampus Landing - S.E.O. - Ahmedabad

Well, I Started my professional career as an S.E.O. As I am not interested in SEO stuff so I left this job, but for two months i worked with kampus landing, i gave my 100%, learned many things in SEC

Communication - 20% Lead - 00% Design - 00% Learn - 80%

EDUCATION

August 2005 - May 2009

Bachelors of Engineering in Computers

As an Educational Qualification, I am a Computer Engineer. Basic knowledge of Enginnering helps me a lot in designing.To understand and write a javascript bit easy for me as wll as craeting a wordpress theme with admin control is also not a big deal for me.
